

Wandern um Flokenes und Skjerli

OPPLYSNINGSSKILT

Markavatnet

Högste reguleerte vasstand (HRV): 165,61
 Lägste reguleerte vasstand (LRV): 141,21
 Kontrollbolt kote 168,536
 Statens Kartverks högdesystem (NN 1954)

Map details: The map shows the reservoir 'Markavatn' in blue. A red square indicates the dam location. A red circle marks the control bolt. A green square indicates the dam house. A red and white striped area indicates a danger zone for ice. A scale bar shows 250 meters. A north arrow is present. The text 'Her står du' (Here you stand) is placed near the dam. The SFE logo is in the top left corner.
